Streamlining the treatment pathway for members and providers:

Prime’s IntegratedRx program helps integrate care, curb medication cost and improve treatment start times. Benefits packages with IntegratedRx® – Oncology include an expanded specialty oncology network. IntegratedRx allows access to convenient pharmacy options, allowing prescribed oncology medicine(s) to be filled at local participating pharmacies that are part of clinics, hospitals and/or health systems; allowing prescriptions to be picked up in-clinic, which may allow prescriptions to be received in a timelier manner compared to a central fill pharmacy.
